Activity Description and Narrative: This activity is our fall weekend survival exercise and will cover several survival training activities. They will be fed Military Rations called Meals Ready to Eat (MRE) and conduct training over the 2 days. We recommend they keep all their personal electronics at home in case they get lost or broken! A kit list is attached, but when in doubt, pack as if cadets are going to a weekend camping trip! If Cadets are only able to attend one or the other day, please email 12air@cadets.gc.ca. Cadets and parents/families should retain this activity sheet AND the Kit list for their own information, however, are expected to return any signed permission forms in person or by email.

PARENTS WILL BE REQUIRED TO PICK UP AND DROP OFF THEIR CADETS AT THE ADDRESS NOTED ABOVE.
